# fischer elektronik

Shell cases for Raspberry Pi

contents of delivery: 1 = 1 x upper part; **2** = lower part; **3** = 2 x fixing straps (optional); **4** = mounting material; **5** = 1 x fixing of mounting rail (optional)

– solid case made of 1,5 mm thick aluminium half shells designed for the single board computer Raspberry Pi
– easy to install thanks to an easy screwing
– ventilation slots in the upper and lower part for an improved heat transport
– optional fixing straps for RSP 1, RSP 3 also fitting to VESA MIS-D 75 x 75
– optional heat sink set including heat conducting foil **WLFT 404** suitable for the corresponding variant of the Raspberry Pi
– special machinings, further surfaces and colours (e. g. green (similar **RAL 6032)** and violet (similar **RAL 4008**)) upon request

art. no.	suitable for Raspberry Pi	dim. [mm]			
		A	B	C	D
RSP 1 ...	2 Mod. B, 3 Mod. B, 3 Mod. B+	71.0	89.0	75.0	86.0
RSP 2 ...	3 Mod. A+	68.4	69.5	56.5	66.5
RSP 3 ...	4 Mod. B	71.0	90.0	75.0	86.0

please indicate:

... surface
SA = **black anodised**
ME = **natural colour anodised**
MS = **case profile SA, cover panels ME**
B = **case profile SA, cover panels blue (similar to RAL 5015)**
R = **case profile SA, cover panels red (similar to RAL 3001)**
OG = **case profile SA, cover panels or-angegold (similar to RAL 1028)**

... fixing of mounting rail (optional)
KL = **fixing of mounting rail**

... fixing strap (optional)
L = **with fixing straps**

... heatsink set (optional)
KS = **heatsink set**
