

contents of delivery:
1 = 2 x side panel profile; **2** = 4 x design strip; **3** = 2 x cover plate (1.5 mm); **4** = 2 x cover plate (2 mm); mounting material

– variable case by utilization of aluminium sheets and extruded profiles in four different heights
– integrated guide grooves in the side panel profile for receiving PCBs
– the cover plates can be varied by 1.5 - 3 mm
– design strips are available in the colours **turquoise blue (similar to RAL 5018), heather violet (similar to RAL 4003), ultramarine blue (similar to RAL 5002), fire red (similar to RAL 3000)** and **daffodil yellow (similar to RAL 1007)**
– other plate thicknesses, special productions, treatments and modifications according to your demands

Profile sold by the metre ➔ M 20

contents of delivery:
1 = 2 x case shell; **2** = 2 x cover plates; **3** = mounting material

– universal case consisting of aluminium profiles plugged against each other
– lateral guide grooves for mounting 100 mm Eurocards
– integrated T-slots for mounting non-standard PCBs or mounting panels
– EMC-compliant design with electrically conductive surfaces and seals on request
– special productions and machinings, modifications and designs possible according to specifications
– other surfaces on request
– delivery as disassembled kit including cover plates and mounting material
