fischer elektronik

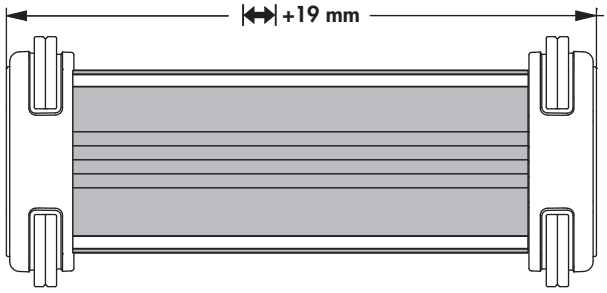

Design case SECCO

contents of delivery:
1 = basic profile; **2** = 2 x plastic exterior frame; **3** = 2 x cover panel (2 mm); **4** = 2 x plastic pressed on frame (similar **RAL 7012**); **5** = 4 x plastic design strip; **6** = mounting material

- multi-purpose tube case made of aluminium with integrated guide slots for mounting non-standard PCBs or devices
- unique, elegant design with shock-proof plastic covers (choice of different colours, see below) and integrated sealing
- horizontal or vertical mounting possibility of the PCB with 1.6 or 2 mm thickness
- protection class IP67 achievable without using additional sealings
- integration possibility of front foils or front keypads
- special designs and treatments, modifications and versions possible according to your demand
- For customised designs, note the shape and position of the internal guide slots in the profile
- other colours and surfaces upon request
